

# PLAM Data Deletion Policy

Data Deletion Policy

PLAM Project

Last updated: [Insert Publication Date]

## 1. Overview

This Data Deletion Policy explains how users of the PLAM Telegram Mini App may request deletion of their personal data and account.

## 2. Account Deletion Requests

Users may request full account deletion by contacting:

support@plam.space

Requests must be sent from the email associated with the user account or must include sufficient information to verify identity.

## 3. Processing Time

Deletion requests are reviewed and processed within a reasonable timeframe.

PLAM aims to complete deletion within 7 business days after identity verification.

## 4. Scope of Deletion

Upon confirmed request:

- User account data will be permanently deleted
- Stored photos will be deleted
- Associated in-app data (PLAMc balance, premium status, history) will be removed

## 5. Exceptions

Certain technical logs may be retained temporarily for security, fraud prevention, or legal compliance purposes where required.

## 6. Photo Deletion

Rejected photos are automatically deleted immediately after moderation.

Approved photos are stored temporarily until publication and until the end of the current day.

## 7. Final Confirmation

Once deletion is completed, confirmation will be sent to the user via email.

## 8. Updates

PLAM reserves the right to update this policy as necessary.

The latest version will always be available on the official website.
